

THE HOLIDAYS ARE HERE...

start making your list!

AIR IVANHOE
Est. 1980

A Classic Canadian wilderness adventure awaits you!

Dear Sportsmen & Sportswomen,

December 2015

Thank you for another great season. We see so many happy and familiar faces every year, and we want to thank you for making your annual Northern adventures with us at Air Ivanhoe. We understand life is busy, and folks have to prioritize their time to take these trips, and we want to let you know we enjoy seeing you, your family, and friends at each reunion here at Ivanhoe Lake.

Our family and corporate founder George Theriault Sr. at 95 years of age passed away this spring, we will of course miss his counsel, but we are happy to continue his efforts of good conservation and careful lake and fisheries management. In the mid 1950's when George Sr established his outposts surrounding Ivanhoe Lake he picked the lakes with the best structure to offer world class wilderness fishing experiences. Today we operate many of these same lakes and we have been fortunate to purchase additional outposts on excellent lakes. So review our brochure to see our 2016 top fishing picks! Air Ivanhoe is offering 24 pristine locations for world class fishing, with quality fly-in lakeside cabins! Also discover the 3 Ivanhoe River Boat-In cabins, and explore the fly-in lodge, Nemegosenda Lake Lodge. So come for the LIGHTS, the Northern Lights and the STARS, the Milky Way, come to unplug from a busy world, and recharge your personal life with fresh air, calm waters, the sounds of laughing Loons and of course some of the best wilderness fishing. Because of your support we have been able to gain greater protection for the lakes and woodlands from excessive timbering practices. We hope you will venture North to visit the solitude and relaxation of our beautiful North and as always we look forward to showing you our best Air Ivanhoe hospitality.

NEWS FROM 2015:

As I sit here reflecting on the summer of 2015, I felt along with the family that folks came out of the bush happy with their holiday & fishing. We had minimal rain in the summer, but by year end the water levels returned to normal.

We offered a discounted rate on 4 lakes for 2015, and never saw an increase in the use of these lakes in 2015. This season we are moving towards operating a few less cottages and have more time to make sure we are keeping our camps and equipment in top condition. When we reopen closed lakes the fisheries can offer bigger and better excitement on the reel!

The Bear hunting was excellent with some larger 300+ lb. bear harvested & the moose Hunt was an average year with 13 animals harvested.

NEWS FOR 2016:

We experimented with a few groups that tried an 8 day fishing trip, and they loved them, so we have added a split trip starting with a Friday Lake and a pick up on Tuesday to a Saturday Lake, and the out on Saturday. So if you are inclined to try an "8 day trip", refer to Page 6 under Outpost Information, and it will tell you what lakes are eligible.

The walleye season is always the third Saturday in May and in 2015 it was May 15th, and in 2016 it is May 21st, so basically a week later.

We recently acquired 4 new outpost locations to the south from a Gogama operator, and have offered 2 in 2015. Both of these lakes have proven to be dynamic fisheries offering Walleye/Northern Pike & Smallmouth Bass. The cabins have seen major improvements and are ready for 2016.

MONEY MATTERS:

For our USA customers the US dollar is creeping up and is around 33% over the Canadian dollar. I hope that it stays there for 2016. We have looked at our rate structure, and have seen some of our operating expenses go up, because goods are coming from USA or other countries. As an example, an aircraft engine overhaul is 25% higher than 2014 and new outboards have increased about the same, so we realized a small increase was required to keep us operational.

We are going to be attending the following shows.
So drop by, or call us at 1-800-955-2951, or email us at info@airivanhoe.com.

2016 SPORTS SHOWS

CITY	DATE	LOCATION	BOOTH #
JANUARY			
DETROIT, MI	JAN. 7-10	SUBURBAN SHOWPLACE (NOVI)	1200
